The Adventures of Callie Ida Acuña-Garza 2022-12

Hannah's Child Stanley Hauerwas 2013-02-11 In 2001 Stanley Hauerwas was voted 'America's best theologian' by "Time Magazine". Here are Hauerwas' long-awaited memoirs. A loving, hard-working, godly couple has long been denied a family of their own. Finally, the wife makes a deal with God: if he blesses her with a child, she will dedicate that child to God's service. The result of that prayer was the birth of an influential - some say prophetic - voice. Surprisingly, this is not the biblical story of Samuel but the account of Stanley Hauerwas, one of today's leading theologians in the church and the academy. The story of Hauerwas' journey into Christian discipleship is captivating and inspiring. With genuine humility, he describes his intellectual struggles with faith, how he has dealt with the reality of marriage to a mentally ill partner, and the gift of friendships that have influenced his character. Throughout the narrative shines Hauerwas' conviction that the tale of his life is worth telling only because of the greater Christian story providing foundation and direction for his own.

The Cat on My Lap Callie Smith Grant 2014-10-14 Pets are such a big part of so many of our lives. As any pet lover knows, a wagging tail or a tender purr can soothe the soul after a hard day. And sometimes, the presence of dogs and cats in our lives can do even more. In these delightful books, Callie Smith Grant collects stories that celebrate the dogs and cats in our lives--stories that touch our hearts, renew our spirit, and show us how God created these beasts for unique purposes. A funny little dog named Prince earns his title by protecting the children of the house. A "dickens of a cat" gives a cancer survivor something else to think about. A lively litter of puppies soothes a troubled child. A scrawny kitten helps an anorexic girl begin to eat. Well-known authors, including Melody Carlson, Tracie Peterson, and Robert Benson, as well as new voices share their inspirational true stories of these otherwise ordinary cats and dogs whose presence in the lives of humans make them remarkable. Each book also includes interesting sidebars, memorable quotes, helpful hints for living with dogs and cats, and forewords by H. Norman Wright. The stories are warm, captivating, and ideal for a good curl-up-and-read or for a gift to any pet lover. Cat lovers, dog lovers, and anyone who likes to read uplifting stories will cherish these books.

The Other End of the Leash Patricia McConnell, Ph.D. 2009-02-19 Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years’ experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man’s best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover: • How you can get your dog to come when called by acting less like a primate and more like a dog • Why the advice to “get dominance” over your dog can cause problems • Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief • How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!” Fascinating, insightful, and compelling, *The Other End of the Leash* is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.

The Adventures of Callie Dr. Ida Acuna-Garza 2012-04 This book is Bilingual. (English/Spanish) Much like humans, animals have emotions. They can be happy, angry, fearful, and sad. These emotions contribute to their survival in a world that can be cruel. Unlike humans, they are limited in the ways that they can communicate their emotions. They do, however, have a keen instinct which helps guide their behavior. When humans and animals bond a wonderful thing happens. A spiritual communication takes over which helps humans and their pets--understand. Animals who are abandoned rely on this survival instinct as they proceed with caution in an uncertain environment. They are sad, fearful, and perhaps angry. When they are rescued they carefully decide if the home that takes them in is now theirs and when they bond occurs it lasts forever.
